

Mayuranathan Sathyanarayanan

Data analysis/Graphics Designer

About Me

"Driven and adaptable IT student skilled in Python, web technologies, and graphic design. Quick learner with strong problem-solving abilities, seeking opportunities to contribute and grow in the tech industry."

Executive Summary

A highly motivated 3rd-year computer science engineering student with a strong foundation in Python, web development (HTML, CSS, JavaScript), and creative graphic design. Skilled in combining technical expertise with creativity to build user-friendly solutions. Adaptable, quick to learn, and passionate about leveraging technology to solve real-world problems. Seeking opportunities to apply academic knowledge and hands-on skills in dynamic IT projects while contributing to team success and personal growth.
